

Community Council Meeting

March 1, 2016

Present: Jenny Ross, Shirley Passey, Amy Peterson, Julie Bunderson, Lamar Bunderson, Karlee Treese

Absent: Jason Bird, Justin Starkey

Start time: 5:00pm

Karlee Treese was officiating at the meeting.

Mrs. Passey would like our school to be a starter school for the Leader In Me program. It will take \$5000. It was proposed that we use the Trustland money.

The number of our students that are at or above benchmark went up 8%. Our goal was 3%. We talked about this in more depth.

We read over goal #1 in the academic areas of the budget for next year and all agreed on the wording.

We looked at the rest of the goals and made any necessary wording changes. All agreed.

All grades have done an internet safety training. Amy will find out about white ribbon week for next year. It is a program where each day a short message is read during the announcements about how to stay safe on the internet. It does not use any scary language, so we don't scare the children.

The school is working hard on getting enough Chromebooks to have one set in each grade 3-6.

It is projected that next year we will receive \$31,386 from Trustlands money.

We can use any extra money for Leader in Me workbooks for the children and provide positive incentives and rewards for making their goals.

Meeting was adjourned at 6:00
